# Dedication

In accordance with this year's theme, THE WHOLE MAN, the 1962 GEORGIAN wishes to honor a man who has achieved outstanding success in building the character of Saint George students--Max Burnell. Having an outstanding athletic career himself at Duluth Cathedral High School in Minnesota and Notre Dame University, Mr. Burnell is well qualified by his training--both intellectually and physically--to be the Athletic Director of Saint George High School. His personal qualities--dynamic leadership, attractive personality, dogged persistence, and a friendly cheerfulness--enables him to effectively work with students and obtain the results he has in view.

Saint George teams under Coach Burnell have won many national, state and city championships. Trophies have been added to our case so often that the Saint George Dragons have traditionally become synonymous around the Chicago area with first-rank football teams. 1961 was no exception. Champions of the new Chicagoland Prep League and ranked number five in Illinois, the Dragons posted their first undefeated season in their history.

Mr. Burnell, however, is not just a coach of winning football teams. If that is all he was, this issue of the GEORGIAN would not be dedicated to him. Much more than this, Mr. Burnell has excelled in his ability to develop boys into men. By his insistence on high standards of sportsmanship, by requiring manliness, by demanding service, generosity, and teamwork, by stimulating his players with aggressiveness and drive, by encouraging excellence in studies, and by pressing for exact obedience to training rules and his commands, he has in every way developed the students of Saint George into whole men. This, the GEORGIAN feels, is Mr. Burnell's greatest service to Saint George High School.

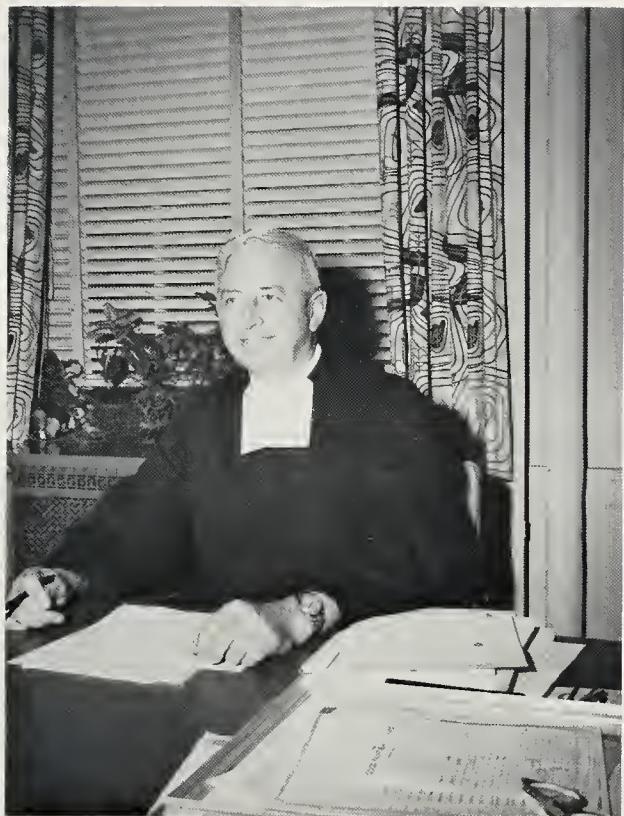

# the Administration

With the change of teachers at the beginning of this year, Brother Maurice was appointed to the position of Brother Director and principal of the school. Through him and the other brothers in the Adminstration, even now Saint George is becoming a newer and better school. Brother has brought back<sup>t</sup> into the minds of others the value of an education at Saint George through the Open House held for the present eighth graders and future freshmen.

**Brother L. Maurice**

## **Brother Jerome Anthony**

Being Assistant Principal and in charge of building maintenance gave Brother Jerome the twofold job of keeping Saint George up to par with the other schools of this city. Academically, he made sure that those who went to our school fulfilled their duty to their parents to study and get passing grades. At the same time he made sure that the students in our school had the greatest opportunity to do their work well by keeping the school building in condition.

Brother Daniel is Saint George's fine registrar. In this capacity he handled transcripts, insurance, and files. Brother also taught junior religion and was active in vocation guidance.

Brother Raphael is head of the newly improved guidance department. Brother's many services-Mass participation, school publicity, bulletin boards, and group guidance-are well known to the students.

Brother Jordan David is the capable Dean of Men. In his spare time he directed the Glee Club and handled the Greater Saint George Committee.

Fifty per cent of the student body was active last year in either classical or modern languages. This fact is indicative of Saint George's rapidly progressing language department headed by Brother Emilian. Indeed, the department seemed to have gone modern, and more is yet to come. Through the use of sing-alongs, tapes, records, and speakers, one can see the presence of new techniques. Most characteristic of all was the use of conversation. The language student at Saint George has to be on his toes because sooner or later, he knows that he is going to have to speak and listen in that language.

About the future, Brother Emilian said, "We hope to have a language lab soon, and we hope to give each student a greater variety of language courses."

**Brother H. Columban, B.S., M.A.**

Milwaukee Schaal of Engineering, Memphis State University  
Religion IV, Physics, Geometry  
Basketball Maderator, Benildus Club Maderator  
Chairman: Mathematics Department

Brother Columban, the new chairman of the mathematics department, has actively led the mathematics teachers and students to higher achievements this past year. Advanced math analysis was taught to college-bound seniors, and training in the use of the slide rule was part of several courses. Many pamphlets, enrichment books, and new tools have been utilized by the teachers as aids. Freshmen and sophomore classes have written themes and have constructed geometric designs as well as delved into the theory of math. "Next year," says Brother Columban, "Saint George will introduce a new revised mathematics course into the freshman program with hopes that in a short time, it will be offered to the whole student body."

## COMMERCE

**Mr. Donald Amidei, A.B., M.A.**  
DePaul University  
Business Law, World History  
Coach: Cross Country, Track, Junior and Senior Counselor  
Chairman: Commerce Department

The commerce department under Mr. Amidei's guidance has made considerable progress each year. With the commerce students reporting that their courses have been more than challenging, this past year was no exception.

Government aids and pamphlets were used: the economics classes practiced on income tax forms, the bookkeeping classes profited by banking accounting systems. Financial experts were heard by the students, and as usual, many an amateur bookkeeper sweated over a hidden error in his project.

Coach: Varsity Basketball, Football

The science department has always been active at Saint George's, and this year, with Brother Richard as chairman, was no exception.

An experimental biology course sponsored by the government uses the lab more than fifty per cent of the class time and emphasizes genetics and metabolism. Chemistry students took a field trip to the Searle Laboratory and heard from a representative of the Atomic Energy Commission. Physics students have been experimenting with some new equipment.

Prospective scientists furthered their education by field trips and talks sponsored by the Science Club. And this year as in the past, Saint George students displayed their hard work at the science fairs with some projects carrying off high honors.

# SOCIAL STUDIES

**Brother J. Clarence, B.A., M.A.**  
St. Mary's College  
Religion IV, Sociology IV, American History, Father's Club  
Chairman: Social Studies Department

With Brother Clarence as chairman, the social studies department emphasized critical thinking. Besides utilizing their texts, students were taught to do specialized readings to deepen their knowledge. Using paperbound books, records, films, filmstrips, maps, and an occasional speaker, the social studies teachers tried to get the students to visualize past civilizations and present-day political and social developments.

College-level American history was taught to advanced students. Visitors at the Open House saw some interesting projects constructed by the social studies classes. Brother Clarence believes that with our problems at home and foreign affairs exploding, "it is necessary for our students, as teenage citizens, to keep abreast with current events."

Chairman: Physical Education Department.

## PHYSICAL EDUCATION

The physical education department is directed by Mr. Max Burnell. In instructing the freshmen and sophomores the rules and techniques of different sports, physical education classes devoted time to a wide variety of activities. Softball, track, tumbling, volleyball, swimming, and, of course, calisthenics were all part of the program.

"We try to go along with President Kennedy's emphasis on physical fitness," says Mr. Burnell. "With people riding around in cars so much today, they do not exercise as much as they did before so we try to supplement this deficiency by our program." Running and swimming do this the best, he feels, as one builds up the legs and other muscles.

## SENIOR COUNCIL

The first things the class did on becoming seniors was to elect the most popular, active, and responsible men to the Senior Council. All activities sponsored by the Senior Department were organized and controlled by the Council.

Under the leadership of Thomas Carroll, President; Richard Anderson, Vice-President; Robert Kelly, Secretary; and Benedict Mortorano, Treasurer; the Senior Council discussed and organized four matters concerning seniors.

A series of meetings for the Homecoming Dance produced a minimum cost, maximum attendance

event honoring the undefeated football team.

Twice during the football season and once after a basketball game, the Senior Council put on lively socials.

It is the custom at Saint George for the graduating class to leave some gift as a gesture of gratitude for all that the students have received. The Council decided to leave to the discretion of the Administration the use of the profits from the senior events. To round out the season and close the year on a good note, the Senior Council held the annual Senior Prom at the Tam-O-Shanter Country Club.

# JUNIOR COUNCIL

The Junior Council, under the leadership of John Earle, President; Joseph Schmidt; Vice-President; Dennis Sbertoli, Secretary; and Charles Conway, Treasurer; has done much for Saint George and the Junior Department in the past year.

Under the guidance of Brother Paschal, moderator of the Junior Department, the Council gave assistance

to the seniors on the Homecoming, sponsored a mixer, and staged the elaborate Junior Prom. The Junior Council also arranged for chartered buses to football games and encouraged greater school spirit. Looking forward to next year, class rings were selected and the Constitution was changed to strengthen the qualifications for senior officers.

Vozzono in for Nunomaker

"In my twenty-four years of coaching, with national champions and city champions, this is my first undefeated team," exclaimed Coach Max Burnell following the Dragon's defeat of Saint Mel for the Prep League Championship. Called "one of the best high school teams in the country" by line coach Frank Amato, the Saint George gridders scored a total of 186 points during the season to the opponents' 30 and allowed only one team to score more than once. These statistics all add up to the best all-round team in the school's history. With three All-American players, the Dragons defeated some of the best football teams in the Midwest, overpowering eight different teams from six cities in three states. From their first victory over Toledo Central Catholic until their final win over Saint Mel, the Dragons were feared and respected by all other teams in the area.

In oppressive heat, bitter cold, much rain, and actual snow and sleet, the determined Dragon gridders and coaches worked hard to perfect themselves, and this dogged determination paid off as the record shows.

The only blemish to an otherwise perfect season came in Milwaukee when Marquette University High School managed to hang on to an early lead and tie the Dragons, 7-7. After that, Saint George trounced highly-rated Lincoln High School of East Saint Louis and followed it with four other victories. What more can be added?

# BASKETBALL

Bob Kelly shoots at the regional game.

Mike Dennehy dribbles in.

The basketball team brought to Saint George no trophies, but that does not tell the whole story. Sparked by new head Coach Frank Amato, the basketball players represented the school very well in determination, spirit, and will to win.

Losing the first four games in the league, the cagers picked up and defeated Saint Mel and De La Salle and ended up in third place. In the regional tournament, the Dragons lost a hard battle to North Chicago in the first round.

With a good deal of inexperience and lacking height, the team showed much improvement as the season went on. Using this training, the cagers gave some highly ranked teams some moments of worry.

The sophomore team, coached by Mr. Tom Powers, lost once to Saint Patrick by one point, once to Saint Mel by four, and twice to De La Salle (once in an overtime). Victories over Saint Patrick and Saint Mel (in a triple overtime) and other teams, however, made up for losing the close ones.

The freshman team, coached by Brother Justin, worked hard on fundamentals. The won and lost record was not the best, but with more experience these men will put more marks in the win column.

## WRESTLING

Whenever a new organization starts out, it has to overcome many obstacles on its way to success. Under the coaching of Major Stanley Stann and moderated by Brother Daniel, the Wrestling Club of Saint George spent the year doing just that. The wrestlers had no suitable place to practice. After some time in the cafeteria, they finally worked out in the library. The mats used by the team were worn out. This led the wrestlers to have a drive for Pepsi-Cola tops, to organize a wrestling tournament for the freshmen, and to sponsor a basketball game—all for the purpose of buying new mats. Lastly, because of the members' inexperience, the wrestlers had no inter-school competition. The club worked on general physical fitness and fundamental holds and techniques of wrestling. With all this enthusiasm, this team should make itself felt next year.

The cross country team, under the coaching of Mr. Don Amidei, has added many trophies and awards to Saint George. This year the runners brought the first place trophy of the Chicagoland Prep League home to rest. The Dragons won meets with Schurz, Harlem, Lane Tech, De La Salle, and others; and they lost only one meet to York in the state sectional competition.

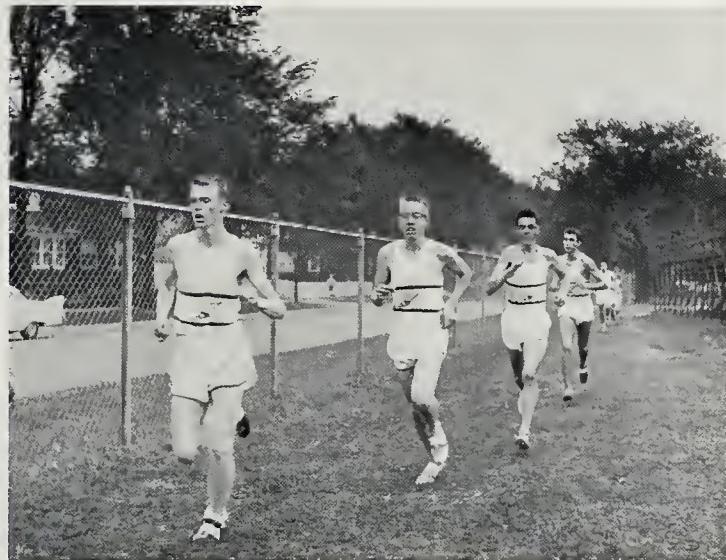

The team's winning ways are definitely the result of much hard practice and very good coaching. Beginning in late summer and ending in late autumn, the members of the team were always running to improve their speed and conditioning to keep themselves in top physical shape.

While the victories were in every sense team victories with many men contributing to the wins, Bob Knoblock stood out by his many feats. For this he was chosen the most valuable runner on the team.

## BOWLING

Ken Klasterman goes for a strike

The football team was not the only undefeated varsity team at Saint George this year. The bowling team won all of their six matches with Notre Dame, Saint Mel, and De La Salle, and did it in grand style.

Captain John Langer had the season's high series, 677. He bowled a 600 series four out of six matches. Langer, who has been on the team since his freshman year, said: "This has been the best team that Saint George has had in four years."

Four of the top ten bowlers on the senior team were juniors. Coach Reinhhardt said: "It was the best team so far in school's history. Langer was the best man, and the whole team was noted for its great spirit."

Honorable mention should be given to Brother H. Anthony, who did a fine job of coaching the junior team. The future looks great for the Dragon Keglers.

Due to such a small squad this year, the Saint George varsity and junior varsity finmen worked as one team for probably the first time in the school's history. Although there were only seven upperclassmen, the team posted a ten and four record for the season. The sophomores gained valuable experience in filling in the open events and Coach McCormick feels that this will give the finmen added strength next year. Outstanding performances were given by Dan Henrick and Henry Coleman in the freestyle, Bob Schmitt in the breaststroke, John Unkefer and Paul Culhane in the butterfly, Joe Egan in the individual medley, and John Bouey in the backstroke.

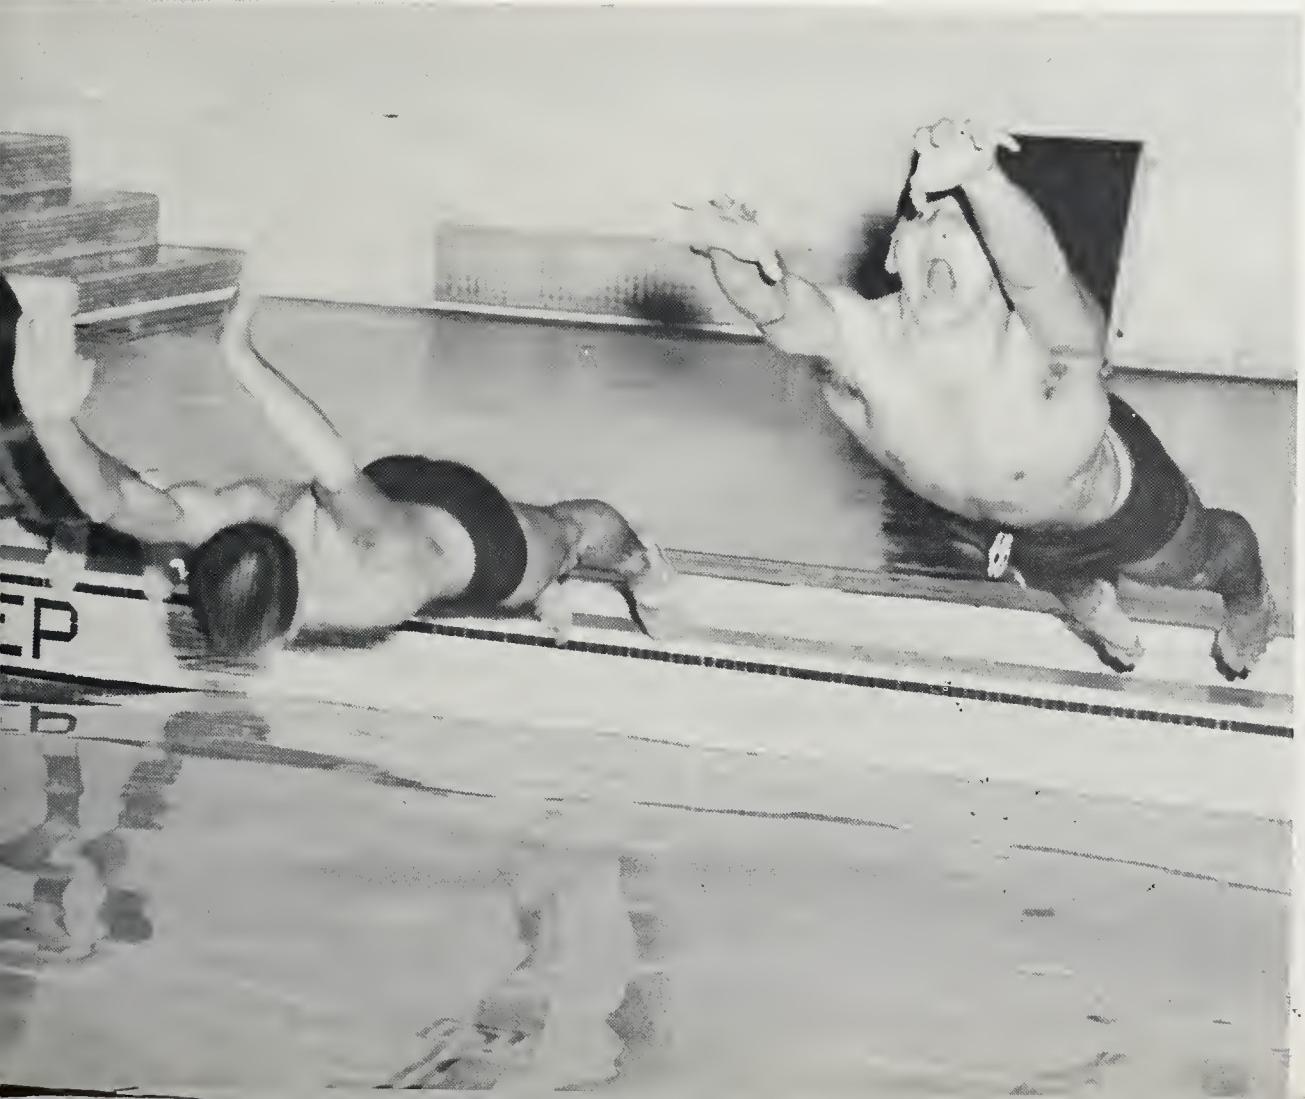

Saint George took ninth place against more experienced competition in the state meet, but next year's team should have some qualifiers in the finals. Coach McCormick's commented: "It was a pleasure to coach these boys because they had such a great desire to win."

Tim Ford gives a mighty heave.

The Saint George sprinters were the fourth team to take a league championship. Continuing the tradition set by the cross country, football, and bowling teams, Coach Amidei and his runners brought the Chicagoland Prep League Senior Track Championship to rest at Saint George. The meet was very close; but with Bob Knoblock's half mile, Dan Toomey's pole vault, and Tom Nunamaker's great discus throw in the closing minutes of the meet, the trophy found its berth in the Dragon trophy case. The track team had few matches this spring. The team started off slowly with a loss to Tech in a practice match. But then individual honors went to members of the team who entered weekly open meets around the city. The team took third in the Glenbrook Relays, and the junior team took second in the league championship. Coach Amidei praised his runners for their persevering practice and their hard work. "Bob Knoblock was the most valuable player," said the Coach, "but the whole team did an excellent job." The trophy case bears ample witness to any doubters.

# TENNIS

Jerry Murphy returns a serve.

The tennis team suffered this year from a scarcity of matches. Unable to defend its North Section title from 1961, the team found it impossible to schedule matches since Saint Mel was the only team in the league with a tennis team. The Dragon netters lost its only match to Saint Mel, 4 - 1. The junior team tied Saint Joseph, 2 - 2. Practice however, has been regular and quite hard. Brother Joel Benjamin, the coach, said: "They have been working hard, and they have improved a lot. We should do much better next year."

Saint George's golf team, consecutive North Section Champions while competing in the Catholic League, made their bid this year in IHSA competition. The varsity split matches with Arlington and Notre Dame and lost matches to Joliet Catholic and Waukegan, thus marking a 2 - 4 season with two matches to play. The junior team won over Saint Viator and Saint Joseph but lost twice to Notre Dame and Arlington and once to Waukegan. With two matches left, the juniors had a 2 - 5 record.

The Dragons placed fifth in the District State Golf Tournament, which was no mean accomplishment considering the competition.

Brother Albert and Brother Columban coached and guided this year's team. During the early cold spring, practice was conducted in the gym with individualized instruction. When the weather warmed up, the team moved out to Glencoe Golf Course. If the record is not as great as in the past, the golfers did accommodate to stiffer opposition and gave future teams the picture of what has to be done to win.

Starting off fast, the Dragon baseball team won six out of their first eight games. Losing to Saint Mel and Tuley, Saint George defeated Amundsen, Saint Viator (twice), Tuley (in a rematch), De La Salle, and Notre Dame.

Leading the attack were: Denny Kave and Tony Barone in the infield, Gus Gregory and Bob Collins in the outfield, George Frcka behind the plate, and Dave Sullivan and Ed Green on the mound.

When asked who was the team's most valuable player, Brother Clarence said that too many men did their jobs too well for any one man to stand out. He cited some examples: Ed Green's three-hitter against Amundsen, Dave Sullivan's no-hitter against Saint Viator, Denny Kave's one-hitter against Saint Viator and Bob Collins and Gus Gregory's superb hitting throughout the season.

The Dragon baseball team lost its first game in the District meet; but considering its record and overall accomplishments, the team has every reason to be proud of itself.

# RELIGION CLASSES

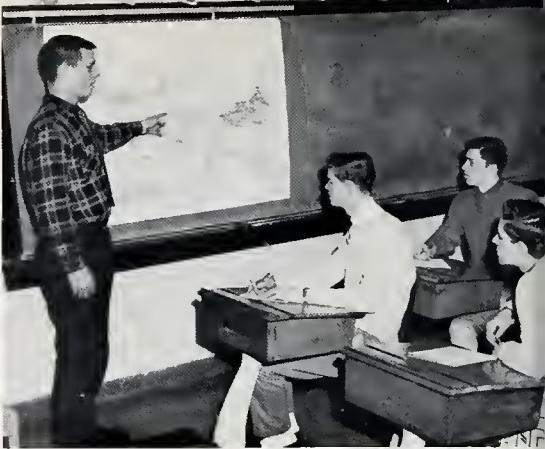

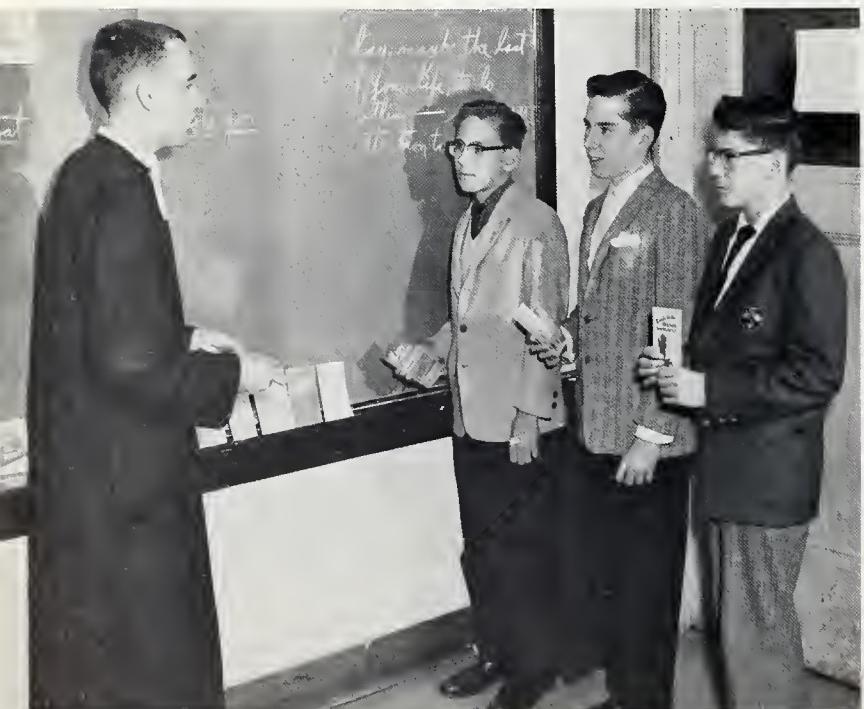

Brother Luke  
gives a daily reflection.

Chairmanned by Brother Luke, the Religious Department did outstanding work in teaching the students to know and live their faith. "Religion," said Brother Luke, "is the distinguishing characteristic of a Catholic High School and as such has great importance in the formation of Saint George students."

Term papers, projects, compositions, Today Magazine, books, pamphlets, and movies were all used to supplement the texts. The classes were as varied as the number of Brothers teaching them.

Brother Giles answers a few questions.

During the past year a renovation was made in the line of Mass. Instead of the eight o'clock Mass, which hardly anyone could attend, the Schoolwide Community Mass was begun. Under the able direction of Brother Raphael and with the help of the Senior Council, these Masses were conducted on a monthly basis. Emphasis was placed on oral participation and on a large-scale reception of the Blessed Sacrament. These Masses proved to be a great success and helped to develop the Saint George student more fully into a "whole man."

# RETREATS

Offertory procession into the gym-chapel.

"This is My Body."

Father Geaney, the retreat master.

"Very Worthwhile." "A profitable experience." "The most peaceful three days I have ever spent in my life." These and similar comments could often be heard from the seniors when they returned from Plano for their first closed retreat. Being free from the daily grind of studies, and emersed in the relaxing pastoral atmosphere of Plano, the retreats had a profound effect on the lives of most seniors.

The underclassmen had their retreat at school at the end of October. Revered Garvin Barnes, OSB conducted the retreat for the freshmen while Reverend Dennis Geaney, OSA gave the retreat for the sophomores and juniors. Both priests emphasized the active role the students should take in the liturgy and in the life of the Church.

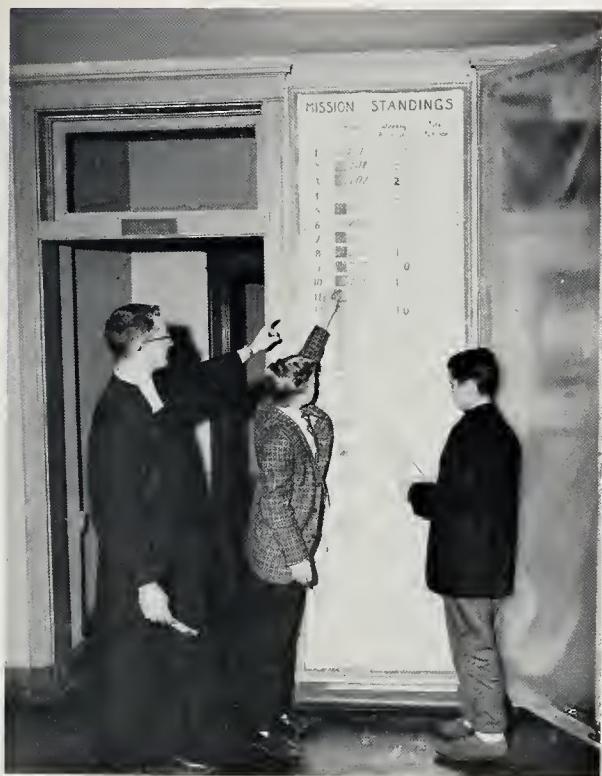

Bill O'Brien shakes down Burk Hilden and Jae Schmidt.

Another way that the Saint George student was able to develop himself spiritually was by the weekly mission collections. The competition between rooms in missions at Saint George has always meant as much to the students as any intramurals. This was easily seen in the continuation of our high standing in mission returns among Chicago area high schools.

## BENILDUS CLUB

The Benildus Club, dedicated to the religious and priestly vocations of the men of Saint George and of young people in general, has taken on a new role at Saint George, according to its moderator Brother Columban. Besides its traditional activities of praying for vocations and having a monthly meeting where members listen to guest speakers, the Benildus Club has actively promoted the religious life of the school by giving talks in the home rooms and performing other worthwhile services.

The two groups of the Legion of Mary, an international Catholic action organization, have done many temporal Christian works, both around school and in the community. On a purely voluntary basis, the members visited patients at Saint Francis Hospital, taught retarded children at Saint Mary's Grammar School in Evanston, made rosaries, and helped run the Christmas Basket Drive.

### *Novena Prayer for Vocations*

HOLY CHILD, ENTHRONED ON THE THRONE  
TO SHINE TO THE PEOPLES OF THE EARTH,  
AND TO THE SOULS OF THE WORLD IN  
GENERAL, THIS I PRAY TO BE FATHFUL  
TO THE PLEASURES OF THY DIVINE WILL.  
I BESEECH THEE, O DEAR CHRIST AND  
TEACHER, INCREASE THEIR KNOWLEDGE  
AND GRANT THAT THEY HOLLY NAME  
MAY BE LOVED BY ALL. AMEN.

## SCIENCE CLUB

Tremendous improvements were seen in the Science Club this year. The club enjoyed, for the first time, organized meetings. It provided its twenty-five members with a chance to use laboratory facilities more often. Several field trips were also organized. Said Brother Jeffery, the moderator, "Our aim was to foster an interest in a particular area of science not covered in class."

The Georgian Shield Club, under the direction of Brother Paschal, is an organization dedicated to serving and bettering our school. This year, the club directed the annual grade school basketball tourney during the Christmas vacation, it provided ushers, guides, and exhibitors at various school events, and it did many manual jobs such as setting up chairs for Mass and assemblies. Just as the shield gives service to the knight, so the Shield Club serves the school by its traditional helpfulness.

## SPEECH AND DEBATE

During the past year our Speech and Debate team has had a very successful season. Under the leadership of Brother Jerome Emilian and Brother Norman, members Roger Giroux, Jerry Weiss, Mike Osajda, and Jerome Disch lead the team to many victories.

The team traveled throughout the area on their road to honor. They debated at Proviso West, North Chicago, Waukegan, and DeKalb. The team was a small but active group, having won three Degrees of Merit, four Degrees of Honor, and three Degrees of Excellence in the National Forensic League scoring.

Members of the Debate team often gathered to brainstorm big competition.

For the past two years the Radio Club has been operating in the gym balcony. With their short wave station K9WYL under the supervision of Brother George, the members have been satisfying their avid interest in electronics. Although there have been no dues, the members were active in fund raising activities for the group. The club maintained the P-A system, provided music for the socials, and fixed radios for students. Weekly theory meetings were also held.

The Camera Club organized itself formally this year with a constitution, officers, and duties for all members.

Supporting itself by selling photographs and portraits, the Camera Club has not only revamped the dark room with new shelves, but has added new equipment to take care of their expanded activities.

Classes for the less experienced members of the club were conducted on Friday afternoons.

Most important, however, the Camera Club denotes service: service to the DRAGON and GEORGIAN, service to the faculty for special events, service to athletics, and service to the students. Notable in this line was the club's part in the Hall of Fame and the decorations at the Homecoming Dance.

The Poster Club, under Brother William's guidance, has again done a fine job. Its ten members made posters for just about every activity and social function of this school year. Since its beginning two years ago, the Poster Club has brought together the students in school with a natural talent for art, and it has maintained high standards of craftsmanship and efficient, generous service to the student body.

Greg Halper and Richard Simmons doubled up on important shots.

# NATIONAL HONOR SOCIETY

Since 1940 Saint George has been a member of the National Honor Society. With Brother J. David as moderator, this organization brings recognition to the outstanding students in the school. Juniors and seniors who maintained a grade average of 4.4 and 4.0 respectively qualify scholastically for membership. Sophomores with a 4.6 average are given a probationary membership.

Besides scholarship, members must have shown traits of leadership, service, and character. The candidates are chosen by the faculty, who rate membership in the organization as one of the highest awards Saint George can offer its students.

In this past year, The Father's Club, with Brother Clarence as moderator and Mr. D. The Mother's Club had as its moderator Brother Constantine and as its President, Mrs. J. Callinan. Some of their social activities were the Card Party and Fashion Show and the Senior Mother and Son Promette. Events co-sponsored by both clubs included the Ma-Pa Festival, the Roaring 20's Dance, the Nazareth Conference, and the Booster Club.

## GLEE CLUB

140 members of the student body made up the largest organization at Saint George—the Glee Club. Unable to win first place honors for the eighth straight year in the Chicago Catholic competition, the Georgian singers spread their fame for high-quality performances by appearing at a number of parishes and schools. Distinctions, however, were not wanting. Lon Wright, Vito Pinello, and Paul Camastro were chosen to represent Saint George in the All-State Chorus in Springfield.

The club's reputation at home was not lessened either. The Christmas Concert and the Spring Choral Festival were given before packed houses and in beautifully decorated surroundings. The Christmas Concert featured selections from Rogers and Hammerstein's *Camelot*. At the Spring Concert a number of Civil War songs were sung to commemorate the Centennial. Contrary to recent customs, the Spring Concert was sung by Saint George students only. The high point of the year was the Minneapolis trip. At the invitation of Brother Hilary, last year's accompanist and backbone of the Glee Club at Saint George, the entire club boarded a train on May 12 for Benilde High School in a Minneapolis suburb. On May 13, the singing groups from both schools combined to give an outstanding show.

# LIBRARY CLUB

YCS was new to Saint George this year. With three groups in the freshman and sophomore departments, it is building up to a strong future. Some projects the club worked on were the Christmas Basket Drive, friendship in school, school spirit, and the student council.

The Library Club helped to keep the library running efficiently by doing all types of work. The members shelved books; managed the paperbacks; took care of visual-aids; catalogued, checked and processed new books; and worked at the desk.

## DRAGON AND GEORGIAN

Every third week, students could be seen walking down the corridor with their faces buried in the DRAGON. The first thing most students looked for was their own name; but not finding that, they settled down to read the entire paper. Bob Schmitt and his associates followed a pattern in each issue. News items were covered on the first page, editorials on the second, feature articles appeared in the third, and sports write-ups in the fourth.

Using a large staff and getting everyone involved, Mr. Jerome Orr, the faculty advisor, made part of his staff responsible for each of the pages. Thus divided, the editors assigned articles, handled layout, and supervised the proof-reading.

Particularly strong were the news articles and wrap-ups of all athletic events. The editorials caused considerable discussion among the students. This is probably the highest complement that can be made to any newspaper.

For the fifth year in a row, the GEORGIAN had a new advisor-Brother Luke. The result has been that year after year, a green staff takes charge, lacking the experience and ability to put out a superior book. With this in mind, Brother Luke enlarged the staff to include juniors and sophomores. Means were taken to train the staff in layout, copy, cropping pictures, and proof-reading. The editors attended the National Scholastic Press Association's convention, all participated in a workshop at Marywood, and books and magazines were read to get ideas and beef up on techniques.

Employing a new finance system that put the yearbook on a sound footing, the editors had greater freedom to use the things needed to improve the quality of the book.

Mike Kirby, Bob Smith, and John Sluga, the editors, were responsible for meeting deadlines. They also decided to make a number of changes-more color, greater use of the theme, a radically different cover, and variable type. Perhaps the most noticeable difference was the greater amount of copy. This emphasizes the fact that the yearbook is not just a picture book, but a history of the 1961 - 62 Saint George school year.

Lon Wright and Karl Zwolfer patterned many of their layouts after those in *Life* and *Look*.

There were only five people in this picture until someone shouted,  
"Photographer!"

## HOMECOMING DANCE

Amid the rustic decorations of a pioneer mud-brick cabin, a water wheel, fields of corn, a well, and a "Harvest Moon", over three hundred persons enjoyed an evening of dancing. Its purpose was to honor the football team, which accounted for the life-size portraits of the gridiron stars.

Miss Connie Tasto was crowned Homecoming Queen at the intermission; she and her court, Misses Carolyn Conqueror and Ann Nickel, reigned triumphantly over the gala affair.

# JUNIOR PROM

Under the leadership of the junior department officers and with the help of Brother Walter, the junior department again produced a delightful and well-planned prom. The theme, *Polynesian Paradise*, was decided on early in the year, and decorations were in the making long before they made their appearance on Friday, April 27. All this was evident from the moment one stepped in the door; the gym was a veritable south sea island transported to Sherman Avenue complete with palms, waves, nets, monkeys climbing trees, plants, flowers, moonglow, and orchids.

The highlight of the evening was the coronation of Ginny Coscant, a junior from Saint Scholastica, and the naming of the regal court--Betty Laurie of Saint Scholastica and Barb Skinner of Immaculata.

The Stardusters provided thoroughly enjoyable music and outdid themselves with the twist because it was followed by a five-alarm call for chairs.

Pom Lycowski and Mike McGrath chatted at one table while the band took a break.

Some of the 150 couples danced while others sat and talked, but all had a good time.

The court and escorts: John Yacullo, Betty Laurie, Ginny Coscont, Dick Von Housen, Barb Skinner, and Norm Bennett.

Dennis Sbertoli posed momentarily to hail friends across the floor.

# SENIOR PROM

The Twist was big at the Senior Prom.

Colorful Tam O'Shanter Country Club was host for the Prom of the 1962 Seniors. The combined bands of George Fanelli and Jules Ryan provided continuous enjoyable music. The many boys who got tuxes or accessories to match their girl's dresses added to the color of the dance.

The two bands, working in shifts, never gave the 150 couples a break.

Naturally, the Georgian editors all attended the Prom: Pot Will-  
ing, Bob Smith, John Slugo, Sondy Zeker, Mike Kirby and Ann  
Nickel.

The Senior Department officers and their dates: Rick Anderson, Carol Duffy, Bob Kelly, Julie Roske, Jonie Mocin, Tom Corroll, Ben Martorano and Charlene Berger.

Cathy Wickstrom really knew how to fix a corsage; she just wanted to see if Troy Patterson could do it.

Phil DeNapoli helped Bab Kelly with his gown.

Memorial Day, 1962, was a memorable day for the Saint George graduates of '62. For the men going to work, graduation was the end of their formal education; for the college-bound, it was a great step. After a welcoming speech by Brother Maurice, John Crowley, the top graduate academically, gave the valedictory speech. The commencement address was given by Brother Leander Paul, F.S.C., president of Lewis College. Right Reverend Msgr. Peter A. Engeln, pastor of Saint Nicholas parish, conferred diplomas to the 167 graduates.

Brother Leander Paul delivered the commencement address.

Bob Collins received his diploma from Monsignor Engeln.

John Crowley gave the Valedictory speech.

**POSTSCRIPT**

Now you have seen the '62 GEORGIAN — your yearbook. The work was done with you, the reader, in mind. The editors attended several conventions and seminars, looking for suggestions and ideas to make the book more attractive and readable to you. We made many innovations to make the book more interesting and valuable to you.

We enjoyed doing the yearbook for you. We also enjoyed the self-satisfaction of our accomplishments. We enjoyed working with, and appreciated the help of such people as Father Magmer, of the University of Detroit; Mr. Norm Koenig, our publisher; Miss Brooks, of Root Photographers; and all the people of the National Scholastic Press Association. There aren't words to describe the confidence and gratifying feeling given us by knowing that these people were available and ready to go far out of their way to help us. We took pleasure in the experience in the absorbing work of journalism.

This, then, is your book, to pass judgement on its worth, to keep as a record of your 1961 - 62 year at Saint George, and to enjoy in reading as we have enjoyed in producing.
